

Honeyaid®

Recommended by the queen of bees

Turntable Auto M

- ✓ Large turntable with collecting function
- ✓ Version with closed railing
- ✓ Mobile due to rollers

Main field of application: semi-automated filling of container sizes from 2–500 g

Art. 30303800

Customer benefit

Working with a turntable allows the process chain to be shortened in terms of time by integrating or connecting further production steps such as:

- glass feeding
- screwing
- labeling

Operating conditions

Hours of operation per day	8
Days of operation per week	5
Ambient temperature	10°–40°C / 50°–104°F

Technical data

Nominal voltage	24 V DC (power supply for 220 V / 115 V)
Power consumption	30–60 W
Rotation speed	0.4–7.5 rpm (adjustable)
Standard sensor type	Capacitive
Diameter of container opening	> = 10.0 mm
Storage space	65 × 1.0 l bottles / 500 g glasses (25 empty + 40 full)
Diameter of turntable	980 mm
Load-bearing capacity	50.0 kg
Footage	Width 910 mm × depth 1,190 mm
Total height	1,625 mm
Work height	940 mm
Weight	64 kg (without power supply)

Further automation options

Possibility of retrofitting with container sorting and side outlet, hence enabling the connection of a collection turntable or conveyor belt for further production steps such as lidding and labeling.
